\$2,640.10

Of the above sum about \$275.00 was spent for dynamite, tools, gravel, culverts and other material. About \$175.00 was spent preparing North Street for tar. Also \$100.00 for cleaning out catch basins, \$100.00 for repairing Wheelwright bridge. These items amounting to \$650.00 reduce the amount of money spent for general repair work to less than \$2,000.00.

DIXFIELD SCHOOL REPORT

REPORT OF THE SUPERINTENDING SCHOOL COMMITTEE

The reports of your school board for the past few years show a marked similarity—the crowded conditions of our schools. This year your present school board reports the same, only more so. The situation has become a little worse each year, until we find ourselves confronted with a serious problem today.

It has been mentioned that the several small neighborhood schools, as operated a few years ago, if reopened, would solve our problem and relieve this congestion. This is true, but the cost would be prohibitive. Figures prove conclusively the good judgment from a business standpoint in making this change. In the few years of operation, we have saved the town several thousand dollars by the adoption of our present centralized plan. We estimate that the central school has not only been socially and educationally superior to the rural school but the actual cash saving to the town, because of the smaller expenses of the central school inclusive of the transportation has been about two thousand dollars annually.

By hasty judgment, we all quickly agree on two points, namely:

That we must give our children a good education, and

That we can not spend any more money that will increase taxes.

We urge the citizens of Dixfield to reconsider both of these statements.

Our State Board of Education recommends a per teacher load of thirty pupils, with only one teacher

and one grade to a room. Our elementary grade enrollment is as follows:

| | |
|-------------------------------|-----------|
| Sub-Primary (one grade) | 37 pupils |
| 1st & 2nd grades (two grades) | 63 pupils |
| 3rd & 4th grades (two grades) | 50 pupils |
| 5th & 6th grades (two grades) | 48 pupils |
| 7th & 8th grades (two grades) | 44 pupils |

The above figures speak for themselves. In comparison, one nearby town reports from 25 to 40 pupils per teacher, averaging between 32 and 33 pupils per teacher with only one grade to a room. Another town reports an average of from 34 to 35 pupils per teacher. Present conditions in our schools make good work impossible. Teachers can not give thorough instruction, but it is the children who really suffer in the end.

Your Superintending School Committee urge the investigation of our schools by every Dixfield citizen. We recommend:

That the present school building be used exclusively for the elementary grades.

That we hire three additional teachers for the elementary grades.

That we build a new, inexpensive, four room High School.

Respectfully submitted,

MORTON P. GARLAND
GRACE FOSTER

REPAIRS AND EQUIPMENT

The amount available for repairs and equipment was \$804.91. With the exception of \$10.20 spent at Severy Hill the expenditures were for the Central School. A new Gilbert and Barker oil burner was installed. The expense of this equipment was \$451.50. A large number of desks were repaired by covering the old wooden tops with metal casings. The new tops cost \$131.95. The rest of the desk tops were buffed and re-finished. Expense for labor on desks was \$75.35. The walls in the halls were repaired and painted. Cost of this labor was \$65.80 and the material charge was \$71.22. Repairs for doors cost \$30.45. Expense for plumbing was \$25.40. Repairs on door-steps cost \$10.38. Electric repairs amount to \$10.41. The sum

of \$30.25 was expended for ladders, waste cans and sprayers. These items total \$912.91. The balance of the expenditures was for minor repairs and equipment. Total amount used for repairs and equipment was \$964.14, making an overdraft of \$159.23.

BUDGET FOR THE ANNUAL TOWN MEETING

The following budget prepared by the school officials has been considered by the warrant committee and approved. It is now submitted for consideration at the annual town meeting.

| | |

DIXFIELD HIGH SCHOOL

There was an enrollment of ninety-two students in our high school this fall: thirty-three Freshmen, twenty-three Sophomores, twenty-two Juniors, and fourteen Seniors. We were sorry to lose about ten students whose families moved away.

Two new members of the faculty this year are: Miss Ruth Kimball, teacher of English; and Mr. Jasper Foster, part time high school and grade teacher. Miss Kimball, whose home is in Winthrop, Maine, graduated last June from the University of

Maine. Mr. Foster is a graduate of Colby College and has had three years' teaching experience. His home is in New Vineyard.

Following is the schedule of each of the teachers given by periods. From this, citizens can plan and time visits to various courses.

Miss Kimball is the Freshman Home Room teacher and coach of the school operetta, THE ISLE OF CHANCE.

Mr. Robinson is Sophomore Home Room Teacher.
Mr. Foster is coach of the girls' softball and bas-

ketball teams and coach of the Senior three act play.

Mr. Daker is Junior and Senior Home Room teacher and coach of fall, winter, and spring sports for boys.

Throughout the fall term setting-up exercises and games for muscular coordination and posture were held daily, weather permitting. These exercises and games are an indication of our willingness to cooperate with the State Department of Physical Education. The boys' first and second baseball teams played six games this fall and won them all.

The first of October Mr. Merle Griffith gave a lecture on Self Improvement from Reading, and created a contest among the students for the purpose of stimulating substantial reading for self improvement. One dollar will be given to one boy and one girl of the Senior Class, and one dollar to a student of the Junior Class who has read three outstanding books of non-fiction and two of the best fiction of all time.

The last of October the Freshman Reception was a very enjoyable occasion. Each of the other classes has had a social and dance.

This year's hockey team is composed of three Freshmen and three Juniors, thereby assuring us of a fine team next year, too. The twenty reserves are also underclassmen.

Including the successful grammar school team, winners of the tournament held at Wilton, the two high school teams, and the town boys, there have been over fifty boys who have participated in hockey games this winter.

Mr. Foster has uncovered a real soft ball team among the girls and also a good basketball team. His teams have a perfect record of seven games. This winter the girls plan to have other basketball games at Weld and one at Andover. In the spring a girls' softball league will be formed.

We hope the citizens will note Joanne Solie's report which follows. It explains the type of expenditures which the high school youngsters meet. From their organization they pay out over two hundred dollars for transportation and gas; lights on the rink; ref-

erees, umpires and guarantees; telephone bills; athletic letters and numerals; fuel for the skating shelter and equipment for the upkeep of the rink.

Our school organization manages its finances very well because Miss Solie attends to every detail very carefully and promptly.

Very thorough physical examinations and tests have been made of the whole school by Drs. Defoe and Elsmore with the assistance of the State Nurse.

Three students are enrolled this year in the N. Y. A. work: Dorothy Shaw, Stanwood Horne and Conrad Child. Each receives four dollars a month.

To many the development of our youngsters may not be noticeable, but we who live with them daily see changes in their physical, mental and moral make-up. No school is a cure-all, but we in the high school are doing all we can to inspire and promote the physical, mental, and moral betterment of your boys and girls. Any suggestion as to how we might extend our opportunities to serve them and you, will be most welcome.

Respectfully submitted,

JOHN DAKER,
Principal.

REPORT OF THE DIXFIELD HIGH SCHOOL STUDENT ASSEMBLY

The Student Assembly is the organization in the high school which transacts all business pertaining to social and athletic activities. Every student is a member and pays dues of fifty cents per year. Dues were formerly one dollar but were reduced to enable more of the students to contribute.

The officers elected this year were: President, Stanwood Horne; Vice-President, Rita Therriault; Secretary and Treasurer, Joanne Solie. The class presidents, who cooperated with these officers in school matters during the year are: Senior, Madeline Calden; Junior, Stanwood Horne; Sophomore, Dewey Taylor; Freshman, Eleanor Emery.

To Mr. John Daker, advisor of the Assembly, we are greatly indebted for initiating, planning and

organizing the activities of the Assembly.

To defray expenses in connection with activities, the assembly has sold ice cream to the school students at recess and to the public at hockey games. They have also sold season tickets to the athletic games.

The Report of Funds is given below.
